

Where leaders
learn to coach!

Train the Trainer

5.5.5 Coaching Skills Training Program™

*For Professional Coaches, HR Professionals
and Corporate Trainers*

For organizations interested in bringing our flag-ship program, the 5.5.5 Coaching Skills Training Program™, in-house or for individuals who would like to become licensed to deliver the program, **we offer two Train the Trainer programs.**

HR Professionals and Training and Development Professionals

HR Professionals and Training and Development Professionals who are not professionally trained coaches are required to go through our robust **Train the Trainer Program** designed to deliver a solid foundation in coaching skills in addition to program delivery techniques, exercises and best practices.

Our *Vision* is that they will.
Our *Mission* is to see that they do.

Professional Coaches

For professionally trained coaches who have graduated from an ICF accredited coach training program (ACTP), we offer an eight week virtual classroom program that will walk you through successfully delivering the 5.5.5 Coaching Skills Training Program™ to any audience. Delivery techniques, exercises and best practices are shared from Coaching Out of the Box® Master Trainers. Twelve ICF CCEU's are available for this program.

All Train the Trainer programs are done in our online portal through a self-paced program. This leaves you in control of the pace at which you choose to learn. We provide you with your guide and mentor to guide you along the way so you know what you need to do for each module.

Train the Trainer

5.5.5 Coaching Skills Training Program™

Our Focus

- To keep it simple yet provide transformative, powerful learning
- To make the coaching concepts come alive through experiential learning
- To make it easy and fun for busy people to learn and apply to the work they do

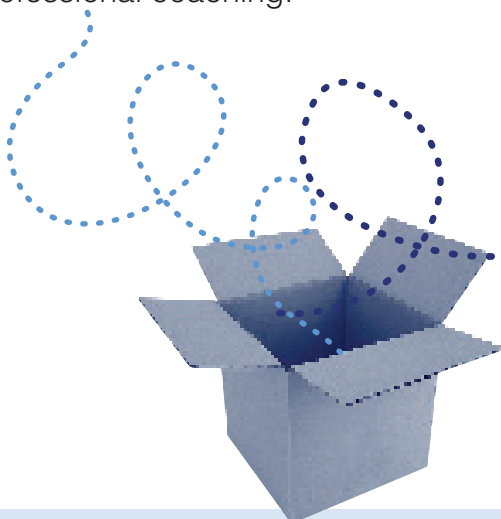

Where leaders learn to coach!

We provide programs and resources for individuals and organizations wanting to learn transferable coaching skills in a simple, engaging and experiential way that can be used immediately in the work they do.

All programs and products from **Coaching Out of the Box®** are developed by International Coach Federation Master Certified Coaches who are leaders and pioneers in the field of professional coaching.

The coaching skills we teach and the way we teach them is transformational and completely **Out of the Box!**
